

ComAcc Consultancy Ltd

Business Continuity Specialists

STATEMENT OF CAPABILITY

ABOUT US

ComAcc is an independent consultancy with extensive Business Continuity experience in working with blue chip organisations ranging from insurance, retail, broadcasting, manufacturing, motor and finance sectors to high profile government departments requiring security clearance. We provide consultancy in developing and implementing complete Business Continuity Management Programmes or we can assist in specific elements of the Business Continuity Management lifecycle.

Through structured Business Impact Analysis and Risk Assessment, we develop robust Continuity Strategies supported by Crisis Management and Business Continuity Plans to help organisations resume Mission Critical Activities should an event threaten to or cause an interruption to normal business operations.

As members of the Business Continuity Institute, our consultants comply with BS 25999, the standard for Business Continuity Management.

We carry professional indemnity insurance to the value of £250,000 for the protection of our clients.

CONSULTANT PROFILE**Consultant: Sharad Karia**

With over 25 years experience in the IT industry, Sharad has been specialising in Business Continuity for the last fifteen years. He is a member of The Business Continuity Institute (MBCI) and is an assessor for evaluating membership applications. He was security cleared to SC level in 2001 for a Foreign & Commonwealth Office assignment.

Sharad has managed many projects with clients in insurance; motor; financial; airline; broadcasting; oil and retail industries as well as various government departments.

He is skilled in scoping, managing and implementing complete Business Continuity Management projects in accordance with BS 25999 Business Continuity Management - Code of Practice. He has carried out a number of Business Impact Analysis and Risk Assessment activities to define recovery and continuity strategies. He has created Crisis Management and Continuity Plans to implement these strategies and to recommend risk reduction measures. He has presented training courses and facilitated workshops at senior management level for rehearsing continuity and Crisis Management Plans.

SUMMARY OF BUSINESS CONTINUITY ASSIGNMENTS**General Electric (GE) EMEA**, Property and Facilities Management (London)
